

COMPACT AUTHORITY/ACTIVATION

The mobilization plan is authorized under Article VI of the Southeastern States Forest Fire Compact Commission Bylaws and Article VI of the South Central States Fire Compact Commission Bylaws.

Officers of the Southeastern States Forest Fire Compact Commission are filled annually on a rotation basis. Current officers are as follows:

Chair:	Erin Albury (Florida)
Vice-Chair	Time Lowrimore (Georgia)
Secretary-Treasurer:	Brandon Howard (Kentucky)

Officers of the South Central States Forest Fire Protection Compact are filled on an annual rotation basis. Current officers are as follows:

Chair:	Russell Bozeman (Mississippi)
Vice Chair:	Mark Goeller (Oklahoma)
Secretary-Treasurer:	State Forester (Texas)

The Compact Coordinator for both Compacts is ordinarily the Southern Group of State Foresters Fire Director, and the Deputy Compact Coordinator is the Southern Area Coordinator. Current incumbents are:

Compact Coordinator:	Jim Prevette
Deputy Coordinator:	Nancy Ellsworth (SACC)

Either Compact is activated when the Compact Coordinator or Deputy is notified by a member state, or when a member state places a compact resource order requesting resources (see "Mobilization" below). When one Compact is activated, the Compact Coordinator or Deputy will notify the Chair of the Southeast and the South Central Compacts. Dispatching assistance is usually provided by the Southern Area Coordination Center (SACC).

OBJECTIVES AND CONTENT

- Provide an orderly, timely, cost efficient method of providing aid to requesting Compact states.
- Ensure that aid can be obtained rapidly.
- Provide a system to collect and distribute timely fire information between Compact states.
- Provide a means of dispatching resources both within and outside the Compact.
- Provide for Compact Incident Reviews.
- Establish a listing of Compact resources.

**MUTUAL AID PROCEDURES
PREMOBILIZATION**

Each Compact state will furnish the Coordinator with a listing of resources available as outlined in the appendix by January 1 each year. (APPENDIX F)

MOBILIZATION**Compact Activation**

Coordinator will advise Compact Chairpersons that a Compact has been activated and keep the Compact Chairpersons advised.

Aid Request

Resource orders for compact resources will be generated by the requesting state dispatch center utilizing the Interagency Resource Ordering Capability (IROC) system indicating "Compact Request". The requesting state dispatch center will place the IROC Compact Request with SACC. The Compact Coordinator will work with the states to locate the resource using closest resource concept and place the order to the appropriate state dispatch center.

Compact State Aid Available

The Coordinator will contact the compact states best able to meet the request.

No Compact Aid Available

The Coordinator will continue to contact other States, U.S. Forest Service, cooperators, other fire protection compacts, and other sources until the requested resources are located. Requesting state will be contacted for decision before a firm order is made.

Dispatch Procedure

The Coordinator will work with both the receiving and sending agency to coordinate times, places, equipment transportation, and lengths of service.

Liaison Officer

A Liaison Officer from the aiding State shall be provided when multiple resources are requested, i.e., two tractor units - one liaison officer; six tractor units- two liaison officers.

Interstate Equipment Travel Restrictions

The Coordinator will work with individual states to provide appropriate clearances.

Information

Information regarding Compact resources within a receiving state will be passed through the Coordinator to the sending State. Information regarding the news media will be handled by each state. The Compact Coordinator shall be prepared to provide information on general Compact activities.

Food and Sleeping Facilities

These will be provided by the receiving state; unless other arrangements are made in advance. The sending state will be reimbursed for per diem while resources are traveling to and from the incident.

Supervision

Incident supervision will usually be provided by the receiving state. However, if the receiving state does not have sufficient qualified overhead, appropriate overhead should be requested through the Compact.

Pay Rates

Personnel and equipment reimbursements will be at the rates currently published by respective states. The rates provided in Appendix F should be regarded as examples only and are subject to change.

The sending state will supply sufficient communications equipment for its crews to interface with the receiving state. Additional communication support should be ordered through Coordinator.

DEMOBILIZATION**Release priority**

Out of State personnel and equipment shall be released as soon as fire conditions warrant. The Coordinator shall be notified when release is imminent and when accomplished. It shall be the Coordinator's responsibility to notify the states when their resources are released, and to relay their ETA at headquarters.

Equipment Return

The receiving state is responsible for repair or reimbursement for damaged or lost tools and equipment. Records of hours and/or miles used must be returned with equipment so that servicing or overhaul can be arranged. The sending state should send mechanically sound equipment. The receiving state should make notations of any equipment deficiency upon arrival.

Reimbursement Vouchers

The sending state will send the receiving state reimbursement vouchers within 30 days after return of personnel and/or equipment.

Narrative Report

Both the sending and receiving states will send a written critique on all phases of their part of the mutual aid operation to the Compact Coordinator. This report will serve as supporting material for incident reviews.

FIRE EMERGENCIES**Outside compact area**

Each state will maintain internal Cooperative Agreements dealing with agency fire assistance.

Between compacts

The Southeastern States Compact Coordinator will coordinate with his or her counterpart in other compacts if assistance is being requested or if resources are being sent to a Southern Area Compact. Normal dispatch procedures will be followed in handling resources.

COMPACT INCIDENT REVIEW**Purpose**

When significant mutual aid is requested and used, an Incident Review shall be made to determine efficiency and effectiveness of the Compact action.

Time and place

The Compact Coordinator shall identify a suitable meeting location and schedule the Incident Review at a convenient time in the aided State.

REVIEW TEAM MAKE-UP

- State Forester and Fire Chief of receiving state.
- Fire Chief of sending state or states.
- Representative of U.S. Forest Service, Fire and Aviation in the receiving State.
- Fire Chief and Staff from other Compact states, as desired.
- Compact Coordinator.

SUPPORTING INFORMATION

Suppression personnel involved in the incident may be asked to participate in the Review. Any supporting material such as maps, time records, weather records, and critiques should be available for the Review.

INCIDENT REPORT

The Compact Coordinator shall prepare a written report of all findings including recommendations for future operations. This report will be sent to all member states and U.S. Forest Service, Fire and Aviation.

STANDARD DISPATCHES

Personnel assigned on compact orders will receive a minimum of eight (8) hours of work time per day, with the receiving state reimbursing for the base 8 plus any overtime. These procedures apply to any vehicle or equipment responding to a compact or federal assignment across state lines. This includes, but is not limited to, wildland fire engines, dozers, tractor-plows, ATVs, transports and hand tools.

In order to prevent the spread of noxious weeds, the follow procedures will be used:

**APPENDIX G
SOUTHERN AREA WILDFIRE INVESTIGATION TASK FORCE
OPERATIONAL PLAN**

PURPOSE: The purpose of the Southern Area Wildfire Investigation Task Force is to permit states to share their law enforcement and investigative resources so that they can continue to perform in a professional and efficient manner during periods of high fire occurrence which may overwhelm their existing capabilities.

Complex arson cases, major incidents, or periods of extreme fire conditions may cause state forestry investigative resources to become exhausted or overwhelmed to the point that they can no longer manage investigations effectively.

In order to maintain effective and efficient investigations, the Southern Area fire and law enforcement managers need the opportunity to utilize additional resources to supplement their existing state investigators.

This memorandum is intended to describe how these resources are to be ordered, qualified, and how reimbursements costs will be handled.

AUTHORITY: The mobilization plan is authorized under the Southeastern States Forest Fire Compact and the South Central States Compact.

OBJECTIVES:

- Provide for an orderly, cost efficient method of providing aid to requesting Compact states.
- Ensure aid can be obtained rapidly.
- Establish a standing rotation of on call Wildfire Investigation Task Force Teams.
- Establish a listing of fire investigation resources.
- Establish qualification standards for fire investigation resources.
- Establish a system to enable resources which are ordered to assist a Compact state to have law enforcement powers within the ordering state.

WILDFIRE INVESTIGATION TASK FORCE COORDINATOR: A Wildfire Investigation Task Force Coordinator will be named and shall be one of the Southern Area Law Enforcement Chiefs. This position will rotate on a two-year basis. A Deputy Coordinator will be chosen from among the Compact states and will move into the Coordinator position after two years.

MUTUAL AID PROCEDURES

PREMOBILIZATION: Each Compact state will furnish the WITF Coordinator with a list of qualified resources as outlined in this agreement by January 1 of each year, including any reimbursement costs not already specified in the Compact.

Qualifications: Each receiving state agrees to accept the qualifications of each sending state as to qualifications of resources. Addendum A attached to this document will specify suggested training and qualifications of investigative resources, as well as the Task Force Teams.

MOBILIZATION

Activation: Upon notification, the WITF Coordinator will advise the Compact Law Enforcement Chiefs that a request has been made and provide the LE Chiefs with any applicable updates.

Aid Request: Requesting State will contact the WITF Coordinator outlining its needs as to personnel, equipment, and other support. A resource order form will be completed by the requesting state and delivered to Compact Coordinator, adhering to the aid request procedures of the Southern Compact.

Dispatch: The WITF Coordinator will contact the Compact states best able to meet the request. The WITF Coordinator will work with the receiving state and the sending agency to coordinate, times, places, and length of service.

Pay Rates: Personnel and equipment reimbursements will be at the current rates established in the Compact by the respective states.

Food and Lodging: These will be provided by the receiving state unless otherwise specified. The sending state will be reimbursed for per diem while resources are traveling to and from the incident.

Court: The requesting state shall pay all personnel, equipment, food, and lodging costs for any investigators required to return for court appearances arising out of investigations performed under this agreement.

Law Enforcement and Arrest Powers: The receiving state will clearly spell out in the Investigative Action Plan how law enforcement arrests, search warrants, and police powers are to be handled.

Firearms: If the receiving state restricts carrying of firearms by the sending states resources, that information will be provided to the sending state **before** the resource order is filled.

DEMOBILIZATION

Release Priority: Out of State personnel should be released as soon as reasonable after the investigative functions have been completed, while still complying with their agency travel and R&R policies. The WITF Coordinator will be notified when the release is imminent and when accomplished.

Reimbursement Vouchers: The sending state will send the receiving state reimbursement vouchers within 30 days after the return of personnel.

Narrative Report: Both the sending and receiving states will send a written critique on all phases of their part of the mutual aid operation to the WITF Coordinator. This report will serve as supporting material for incident reviews. The WITF Coordinator will prepare a written report of all findings including recommendations for future operations. This report will be distributed to all participating Law Enforcement Chiefs and State Foresters.

Addendum A

The Southern Area Wildfire Investigation Task Force will consist of Task Force Teams. The Teams will consist of the positions described below and will be ordered as a Team. Additional single resources may be ordered on an as-needed basis, with or without a Team callout. Trainees will be encouraged in an effort to maintain a qualified field of resources.

Applications for Teams will be received and approved by the Wildfire Investigation Task Force Coordinator, with input from the Law Enforcement Chiefs and other Team Members. Teams will be organized so as not to place an undue burden on the resources of any one agency. Teams will coordinate, train, and meet as needed to maintain a cohesive and effective state of readiness.

Addendum B

Addendum C

The Southern Area Wildfire Investigation Task Force Teams will provide the following for each assignment.

Due to the sensitivity of the mission, the Team will operate independent of the traditional ICS of an ongoing incident. The task force commander or designee shall try to attend any ongoing incident briefings.

Individual Performance Evaluations – The Team supervisors will provide performance evaluations for all of their assigned staff using approved ICS forms.

Addendum D

Investigative Action Plan

The investigative action plan is a fluid document that should be produced before or as soon as the Southern Area Wildfire Investigation Task force is mobilized. Portions may change during deployment, but it will provide all parties of the investigation a framework for reference, for briefings, and will begin the documentation process. It should include the following items at minimum.

A. Background

A brief description of the current situation including the fire history, geography, fuel types, threats/values, etc. It should include the events that led up to the need to request additional resources through the Southern Area Wildfire Investigation Task Force. Maps of the operational area will be provided to all members of the task force.

B. Objectives

A brief description of the goals of the investigation. Generalized information about tactics that will be deployed but should not compromise the integrity of the overall goals. Milestones for the deployment need to be stated, such as what factors will affect the direction, tactics, demobilization, etc. of the task force.

C. Jurisdiction and Authority

This section will identify the primary agency responsible for the investigation, all participating agencies, and the agency that will prosecute any criminal cases. The authority of each of the resources provided by the participating agencies will be described. Arrest/Booking procedures and jail locations/contact information will be included. Applicable laws shall be provided to all members of the task force and access to all others laws provided if needed.

D. Organization

This section shall describe the command structure of the task force, which will be independent of any ongoing incident ICS due to the sensitivity of the objectives.

E. Case Management

The documentation and reporting requirements of all aspects of the task force, including format, approvals, security, evidence collection and storage, daily activity logs, etc. will be explained and provided as applicable.

F. Communications

A brief communications plan will be attached and may include the ICS 205 form. Mobile and traditional telephone numbers shall be attached and updated as needed. Secure communications and frequencies may be left out of the incident IAP.

G. Medical

A medical plan shall be included or attached and should contain all information required in ICS 206 form.
